Professional Summary

Enthusiastic Computer Science graduate with hands-on experience in Python and machine learning projects including classification and sentiment analysis. Currently developing full-stack web development skills with a passion for learning modern technologies and frameworks. Strong foundation in programming fundamentals and data-driven problem-solving. Eager to build scalable applications and contribute to innovative development teams.

Skills and Technologies

- Programming Languages: Python
- Web: HTML, CSS, JavaScript
- Database Management: SQL
- ML Frameworks: Scikit-learn
- Tools: Version Control (Git/GitHub), VS Code, Jupyter Notebook
- Operating Systems: Windows, Linux

Projects

Portfolio website

- Designed and developed a responsive portfolio website using HTML, CSS to showcase skills, education, and achievements.
- Integrated interactive UI, GitHub links, and a contact form to enhance user experience and engagement

Customer feedback analysis using ML

- Processed and analyzed 10,000+ customer feedback entries using NLP and ML models like XGBoost.
- Achieved 97.3% accuracy in sentiment classification using Scikit-learn and NLTK.
- Delivered dashboard-style visualizations using Pandas and Matplotlib to summarize insights for businesses.

Work Experience

Junior Software Developer Intern, KEATS Skill Development Center, Ambarupeta **May 2025 – Aug 2025**

- Completed **2 real-world mini-projects** using Python, HTML, CSS, and SQL, strengthening both frontend and backend fundamentals.
- Learned full-stack principles including SDLC stages, version control, and team-based collaboration using Git and VS Code.
- Attended **10+ structured training sessions** focused on communication, teamwork, and interview preparedness.

Full Stack Developer Intern, Talent Shine Pvt Ltd, Vizag **June 2024 – Aug 2024**

- Worked on designing and developing user interfaces using HTML, CSS, and JavaScript to create responsive and interactive web pages.
- Gained practical exposure to full-stack architecture, with a focus on frontend development and how it connects to backend systems.

Education

Sir C R Reddy College of Engineering, B. Tech in Computer Science **Nov 2021 – May 2025**

- CGPA: 8.2

Certifications

- [Introduction to Cloud 101 – AWS Educate](#)
- [Machine Learning Foundations -AWS Educate](#)
- Basics of HTML - Infosys Springboard
- Introduction to Databases – Coursera
